

# MC Upgrade - 10.1.25

This component release is part of [MarvelClient 10.1](#)

NEW	Added a new MCUUpgrade.ini option DisableWhitelistingLogging to always log whitelisting issues (defaults to 1).
ENHANCEMENT	Improved handling and logging of whitelisting errors.
FIX	Fixed an issue where the path to MCUUpgradeEnvVars.txt was missing a backslash \ and hence created one directory/folder level up
